# RV GLAMPING

BY

UTAH LUXURY TOURS & Desert SOLITUDE

# The Concierge Camping Experience

Utah Luxury Tours in partnership with Desert Solitude is pioneering the concept of Concierge Camping. RV Glamping in the desert wilderness is an experience that, until now, has been out of reach for even prestigious travelers. Tapping the expertise and 24/7 at camp service of Desert Solitude will remove all barriers for those wishing to have this iconic experience. The secluded camp spot will include all of the anticipated camp gear alongside all the amenities needed to be comfortable. The RV includes hot water, heating & A/C, fully stocked kitchenette, and three comfortable queen sized beds. Enjoy nature just outside your door as you stare into the cosmos in a hammock, become mesmerized by the campfire, play camp games, or explore the towering cliffside.

Desert Solitude's Concierge Camping offers delicious, camp cooked meals, but the true magic lies in the unique dining experience. The food is delicious, but the desert setting elevates it to something special. Imagine savoring smoked BBQ as the sunset paints the sky, the gentle crackling campfire providing the soundtrack. Alternatively, unleash your inner child by grilling beef franks over the open flames. Here, the focus shifts from the technical mastery of a fancy dish to the simple joy of relishing a meal outdoors. This connection to nature creates a unique experience that rivals the atmosphere of even the most acclaimed fine dining establishments.

This thrilling new concept may raise concerns for those who lack camping experience. Expert guides handle all setup and logistics, including parking the RV, and remain on-site in a separate RV to address any questions regarding the RV's operation. Our luxury RV features three queen beds, two bedrooms, full bathroom with shower, and a stocked kitchen. The campsites are selected with safety in mind. The RVs' secure design, and the rarity of wildlife encounters in the area, ensure a worry-free experience.

Escape the normal in the quiet solitude of a vast desert. Forget crowded RV parks and noisy glamping resorts. Desert Solitude offers concierge camping under Utah's certified dark skies, placing you front row center for a breathtaking display of the Milky Way and legendary constellations, all visible with the naked eye. But camping isn't just about the awe and wonder -it's about exploring where there are no trails, playing where there are no rules, and adventuring alongside guides who know and love these areas.

After your drive, take a wildlife walk around our area where you can view park offspring, smaller animals and the must-see baby bears. Accommodations Options: Alex Johnson Hotel.

**Day 4- Travel & Tour Badlands National Park, Prairie Homestead, Missile Site, Wall Drug Store** – Early morning for group. Travel about 1.5-2 hours to Badlands National Park, Tour the Park with guide. Badlands: the rugged beauty of the Badlands draws visitors from around the world. These striking geologic deposits contain one of the world's richest fossil beds. Ancient horses and rhinos once roamed here. The park's 244,000 acres protect an expanse of mixed-grass prairie where bison, bighorn sheep, prairie dogs, and black-footed ferrets live today. Prairie Homestead is a stop in the park: The Prairie Homestead, an original sod home of Mr. & Mrs. Ed Brown, was built in 1909. It is typical of the homes and outbuildings that pioneers built. This home is one of the last remaining original sod homes intact today. These pioneers played a very important part in settling the Great Plains. Missile Site: The only remaining nuclear missile field, Minuteman Missile National Historic Site illustrates the history and significance of the Cold War and arms race. Wall Drug Store: This is a great spot for lunch. Wall Drug has a rich history in the state of South Dakota. Nestled in the city of Wall in the western part of the state, Wall Drug has grown from its humble beginnings in 1931 to a thriving oasis. Wall Drug offers dining, activities, gifts and souvenirs, visitor information and, of course, free ice water. Many road-worn travelers stop at Wall Drug and leave awake and refreshed, just like they did more than 80 years ago.

**Day 5-Mammoth Site, Tour Wind Cave National Park, Tour Custer State Park** – Travel down south towards the town of Hot Springs (about 1 hr from Rapid City) to begin this day. They will work their way back up to Rapid City making various stops.
Discover The Mammoth Site in Hot Springs, South Dakota. You can tour this indoor active dig site and view Ice Age fossils. This is a really cool museum. Wind Cave: With slightly more than 140 miles of passageways, it's the sixth longest cave on Earth. Four new miles of cave are discovered every year. The caverns here feature an impressive collection of boxwork—a honeycomb-like pattern composed of thin calcite fins and other geologic formations. There are different options for different mobility types. Hard to get reservations in advance- more first come/ first serve.

**Day 6- Tour Mt. Rushmore, Tour Crazy Horse Memorial** – Travel south from Rapid City towards Keystone to experience Mt. Rushmore. Majestic figures of George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln, surrounded by the beauty of the Black Hills of South Dakota, tell the story of the birth, growth, development and preservation of this country. From the history of the first inhabitants to the diversity of America today, Mount Rushmore brings visitors face to face with the rich heritage we all share. They will continue to see Crazy Horse Memorial. The Crazy Horse Memorial is a mountain monument under construction on privately held land in the Black Hills, in Custer County, South Dakota, United States. It will depict the Oglala Lakota warrior, Crazy Horse, riding a horse and pointing to his tribal land. After touring these monuments and memorials, they will get to experience portions of the iconic Needles Highway.
